Dear Sir,

Appeal against enforcement EC107/21 - Siggiewi

Please refer to the enforcement notice EC 107/21 issued to my client Mr. Joseph Aquilina for alleged illegal works at Siggiewi.

Kindly note that some of the structures on my client's site are covered by development permit PA 4760/93 and PA 3027/94. In these structures he keeps his sheep for which he is licenced by the department of agriculture (licence no. R506).

In some other structures he also keeps rabbits since he is a rabbit breeder as per certificate issued by the Veterinary Regulation Division.

On this site my client has also got stables and a paddock.

Currently there is a planning application to upgrade the existing sheep farm (PA 3912/21).

I have instructed my client to remove all structures listed in the enforcement notice which relate to the keeping of horses. I have also told my client to retain the permitted structures used to keep the sheep.

In view of the above we would therefore like to appeal the enforcement notice on the basis that alleged structures are removed whilst other structures are permitted and form part of planning application PA 3912/21.

We would therefore like to respectfully request that the enforcement notice be held in abeyance until such time our planning application is determined.

Yours faithfully,

Charles Buhagiar A&CE.
Encl/ bank receipt, copy of enforcement notice, certificate of rabbit farm and sheep.

c.c.: Joseph Aquilina
