Request for suspension

The Appellant respectfully submits that in accordance with the provisions of Article 33 of Chapter 551 of the Laws of Malta, the development being proposed and hence approved, should not be executed pending the outcome of this appeal.

It is obvious that if the development is enabled, the site, being in a UCA and in an Open Green Enclave, would be compromised.

The approved works seriously impinge on the UCA and Open Green Enclave mature features and the works should hence be suspended pending the outcome of this appeal.
