Dear Sir/Madam,

Request for Appeals

Reference is made to the recent refusal of PA/06711/20, which application sought planning permission for a change of use from a garage for private cars to a Class 4B retail shop selling wares and foodstuffs associated with the equestrian hobby.

The EPRT is kindly requested to note that this application has been recently refused due to a minor technicality in that no clearance from the CRPD had been obtained in time.

Now that the CRPD have issued their clearance, copy of which is being attached to this request for appeals, we trust that the EPRT can accede to the granting of this application

Regards,
