REQUEST TO SUBMIT AN APPEAL

Reference is made to the recently refused Planning application in caption. We would like to submit an Appeal to the decision based on the following comments:

- 1) We have prepared an extended block plan that lists similar permits within the area with the same or similar Environmental protection grading. Our applicant is simply requesting to construct an agricultural store since a large portion of his land is situated in the area. We have provided all the necessary documentation.
- 2) The applicant does not have any other rooms listed in his name. The directorate is referring to a "dura" measuring circa 3sq.m that was previously used for hunting. My client is prepared to remove this small structure should the need arise.

Yours Sincerely,

Perit Kerstien Micallef
