Dear Sir,

**Re: Petition against EC 79/23 – St. Paul's Bay**

Please refer to the enforcement notice issued against my client Johann Said which alleges that he has carried out illegal works on a site in Xemxija.

The illegal works are described as being the concreting of a platform on a previous rocky surface.

Kindly note that this allegation is totally incorrect because the area which was concreted was previously a concrete platform which was broken by the sea during a storm. Hence, the works carried out consisted of the replacement of an existing concrete platform.

Hence, this enforcement notice is based on the wrong assumptions and we would therefore like to request that it is withdrawn.

Yours faithfully,
